

Disclaimers

- (1)** I am an associate professor of physics at Lyon College. My work on solar panels, and this presentation, are not connected to Lyon College. Thus this workshop is not presented with any endorsement from Lyon College.
- (2)** My research at Lyon College has direct application to renewable energy (although not necessarily in the thermal solar field). This work is not connected to my research work.
- (3)** I am affiliated with Backyard Solar Collectors, LLC. However during this workshop, I am representing only myself with my background in physics.
